You.

This is an artistic representation of City of Elmina and it is not drawn to scale. It is not a master development plan. Therefore, certain detailed features may not be included and may not be completely accurate. Proposed uses and development depicted but not yet constructed are subject to change in design and location and the land use may be deleted without prior notice.

A City with a Vision Unlike Any Other

The 8 Pillars of Wellness is the guiding principle that aligns the City of Elmina's masterplan with holistic balance. Every detail is meticulously planned to embody the multiple facets of wellness, creating happier, healthier individuals and families. It's easy to live well in the City of Elmina, because it's where wellness is built into every aspect of your home and lifestyle.

SUSTAINABLE DEVELOPMENT GOALS

Beyond the Brick and Mortar

The Elmina Community Edible Garden

Located within the Community Park at Elmina West, this edible garden not only provides a dedicated space for growing greens, but also creates opportunities for neighbours to get acquainted and families to nurture their relationships. This Garden is also linked to the City of Elmina's city-wide organic waste recycling programme and plays a vital role in helping to create a caring community that is focused on building a happier, healthier future.

UNICEF Playground

As Malaysia's first inclusive playground, the UNICEF playground is a groundbreaking collaboration between Sime Darby Property and UNICEF Malaysia. It's a safe, shared space where kids of all abilities can play together, while encouraging intergenerational interaction within families.

The Elmina Rainforest Knowledge Centre

This centre is dedicated to rainforest and nature conservation, education, and eco-tourism. Located within the 300-acre Central Park, it is a collaboration with the Tropical Rainforest Conservation & Research Centre (TRCRC). The building is also eco-friendly as it was constructed using recycled materials for a greener footprint.

City of Elmina's 2,700-acre Forest Reserve

Yours, Naturally

Elmina's Forest Park precinct features a curated 84-acre Forest Park that is an extension of the adjoining 2,700-acre Subang Forest Reserve. Not only is it an essential green lung and a freshwater supply catchment, this verdant reserve is also home to a variety of Endangered, Rare & Threatened (ERT) tree species.

5 Themed Precinct Parks

The good life begins with balanced living and here at the City of Elmina, we bring balance back into the everyday with five carefully curated parks spread out across the city. Explore a vast variety of facilities set in landscaped greenery, where there is something for everyone, be it the young to the young at heart. At the heart of the masterplan, the thoughtfully designed 300-acre Central Park is where anyone can gather, take a breather, and relax.

Not Your Ordinary Park

Planned for generations to come, the Central Park is shaped like a basin and acts as a natural floodplain during the monsoon season and is designed to mitigate a major flood event that occurs every 1,000 years. What's more, the wetlands also act as natural filters to improve water quality and protect wildlife and store flood water during dry seasons, improving quality of life for all residents and visitors.

UNICEF

Playground

Serious Fun at Malaysia's First Inclusive Playground

Created for all kids, the UNICEF playground is located in the Central Park and built to promote a warm, living environment that celebrates diversity and nurtures a close-knit community. More than just a playground, it acts as a benchmark for the creation of inclusive playgrounds and public spaces across Malaysia.

Children can develop their physical, emotional, and cognitive skills through playtime spread across 13 facilities, including swing seats and multi-spinner carousel, all contained within 0.55 vibrant acres.

Proudly Sustainable, Proudly Sime Darby Property

In 2015, the United Nations unveiled its 2030 Sustainable Development Goals (SDG) as a call to action to achieve balanced, sustainable development; to end poverty, protect the planet, and ensure that people can prosper and live peacefully by 2030.

For over 10 years, sustainability has been Sime Darby Property's beacon that is embedded and nurtured within our corporate culture. Through the UN's SDG, we can ensure that our actions are in line with these goals as we work towards sustainability.

SDP 2030 SUSTAINABILITY GOALS

The Sime Darby Property 2030 Sustainability Goals are the Group's industry interpretation of how it can contribute towards realising the UN SDG 2030.

Developing Homes, Building Lifestyles

Sime Darby Property is a leading property developer with a strong success rate of developing sustainable communities for almost 50 years. With 24 active townships/developments, Sime Darby Property has a wide reach that encompasses assets and operations across the globe. It marks its presence in the UK as part of a Malaysian consortium to develop the iconic Battersea Power Station Project in Central London. As a responsible corporate player, Sime Darby Property and its philanthropic arm Yayasan Sime Darby (YSD) actively roll out various initiatives to assist the underprivileged communities living within and nearby its townships nationwide. A multi-award winning property group with numerous international and local accolades, Sime Darby Property is the only Malaysian property developer to be selected as an Index Component of Dow Jones Sustainability Indices (DJSI) for the second consecutive year (2019-2020).

It is also the first Malaysian property developer to be awarded the International FIABCI Prix d'Excellence Awards twice for its Subang Jaya and UEP Subang Jaya townships. The company bagged its 10th consecutive Gold at the Putra Brand Awards 2020 and its 6th consecutive Top 10 Developers Awards at the BCI Asia 2015. Sime Darby Property has also been recognised as among the top developers in Malaysia in the annual The Edge Top Property Developers Awards, a recognition which the company consistently receives since 2009.
