Where home leads you right onto the path of healthier living

#embracetheinaway  
to healthier living

# Close to the city. And closer still to our roots.

Just a short 15 km from Shah Alam, this township spans over 1,000 acres within the 5,000-acre City of Elmina. Denai Alam stays true to its name as it embraces the spirit of communal kampung living with a 4.8 km 'denai' or footpath that connects the entire neighbourhood. This low-density development set in lush greenery creates a true neighbourly setting but still gives residents privacy with family and loved ones. Developed since 2005, Denai Alam has seen substantial appreciation in value over the years and will no doubt continue to climb with the City of Elmina and DASH highway as catalysts for growth along the Guthrie Corridor.

This is a home built on the City of Elmina's 8 Pillars of Wellness.

- 1. **Family Wellness**  
To plan spaces that foster mutual respect and strengthen family values.
- 2. **Occupational Wellness**  
To define work spaces that are conducive for a life of work-play balance.

- 3. **Community Wellness**  
To design spaces that encourage harmonious interaction among the people.
- 4. **Intellectual Wellness**  
To provide spaces for people to be stimulated intellectually, learn and grow.

A balanced life?  
**It will be yours.**

- 5. **Environmental Wellness**  
To create inspirational spaces that are filled with the beauty of nature.
- 6. **Physical Wellness**  
To design spaces that are meant to drive active living and healthy eating for a wellness lifestyle.
- 7. **Emotional Wellness**  
To define spaces that inspire positive attitudes and an optimistic outlook on life.
- 8. **Mental Wellness**  
To provide spaces that enable people to achieve balance and harmony with people and themselves.

**Walk down memory lane.**  
And walk right into a healthier you.

The introduction of the Denai design concept of a township enveloped in not just natural greenery but landscaped parks, gardens and trails won accolades in the form of the 2003 Malaysian Institute of Planners Innovation Award.

---

**“HEALTHY CITIZENS ARE  
THE GREATEST ASSET ANY  
COUNTRY CAN HAVE.”**

*- Sir Winston Leonard Spencer-Churchill*

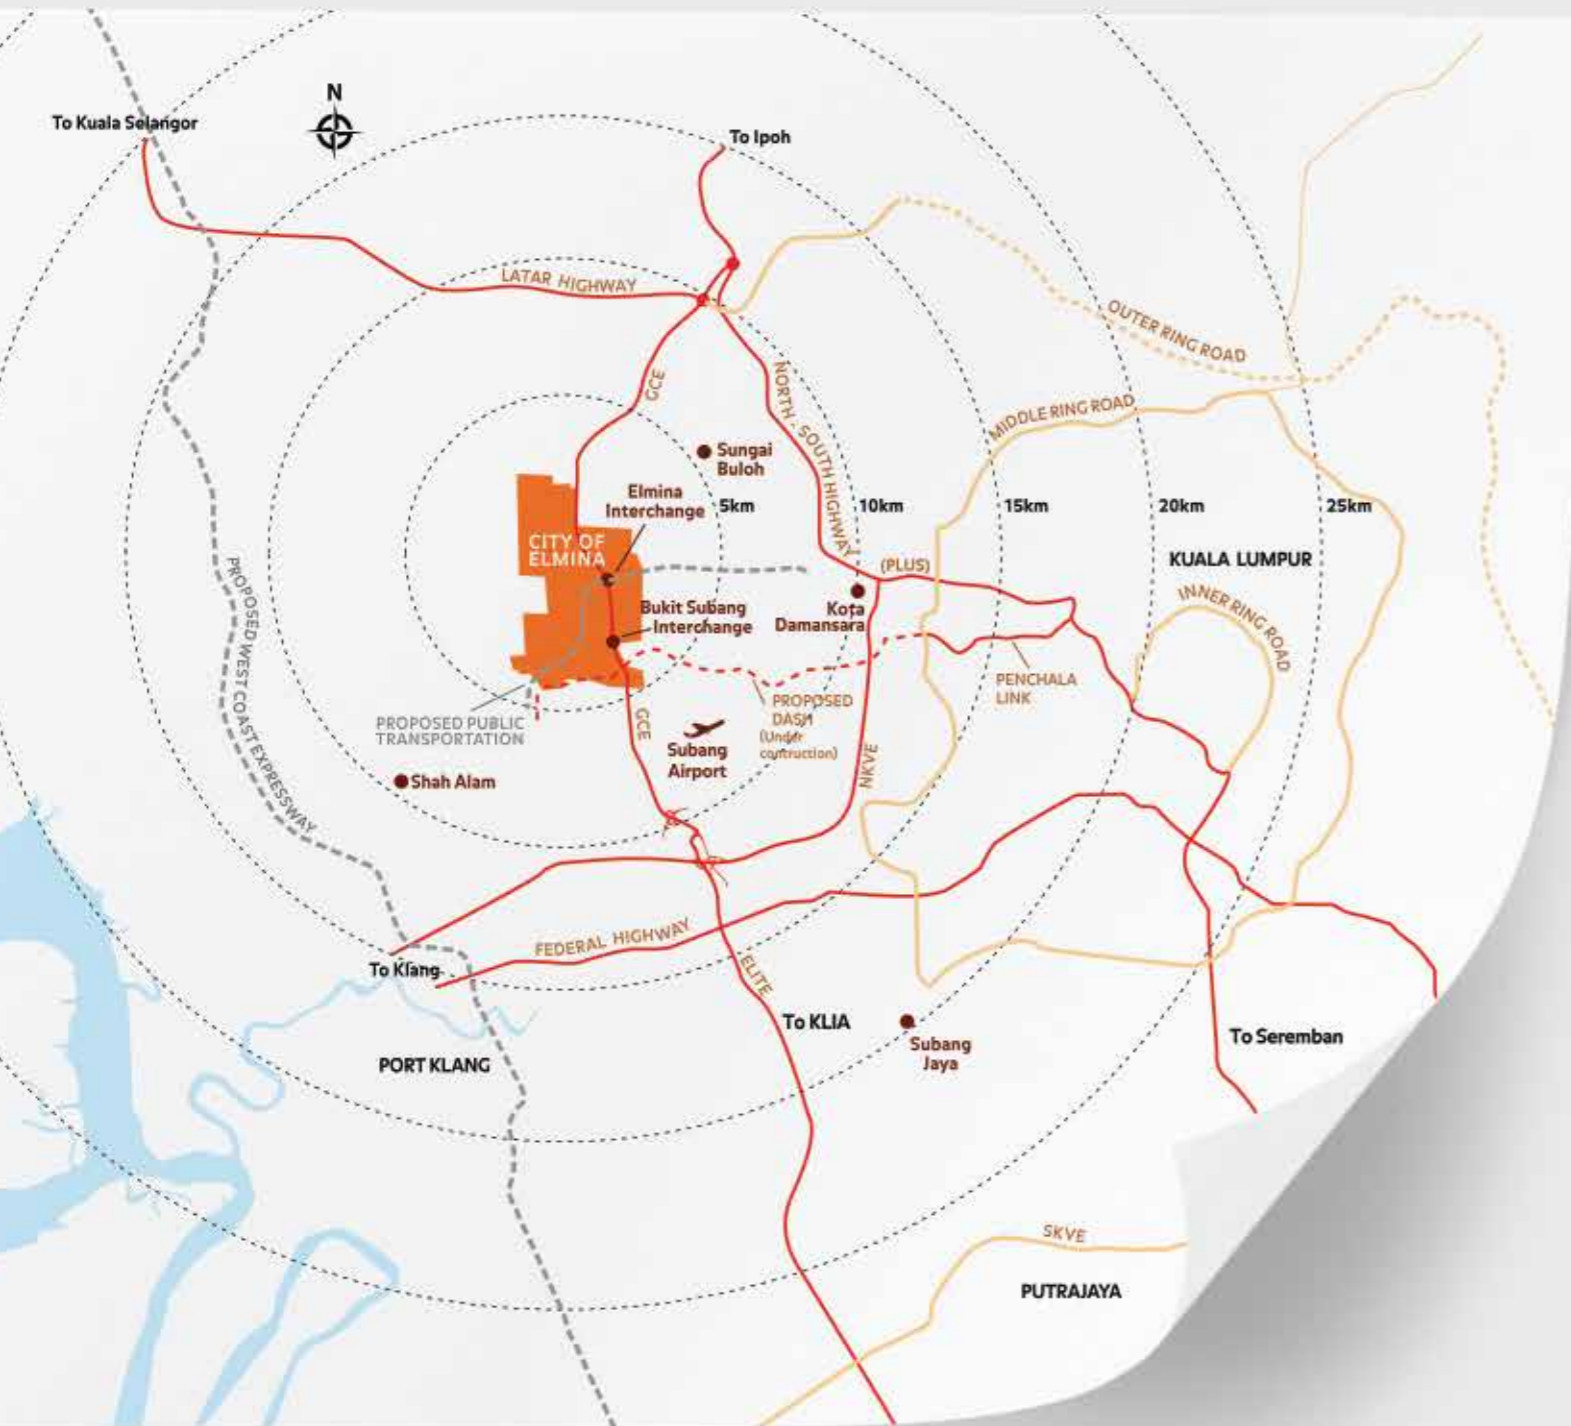

Denai Alam features abundant parks, gardens, trails and exercise areas for residents.

# Never too far away.

All your essential destinations are closer than you might think. This is made possible with the myriad of accessibility options available.

The City of Elmina enjoys an extensive network, conveniently connected to the Guthrie Corridor Expressway (GCE), Federal Highway, LATAR and NKVE, enabling a shorter drive to Kota Damansara, Shah Alam and Subang Airport.

The DASH highway, which is currently under construction, is also expected to significantly shorten commutes to Petaling Jaya and Kuala Lumpur.

Aerial view of the Bukit Subang interchange on Guthrie Corridor Expressway which conveniently connects Denai Alam to NKVE, Federal Highway and ELITE.

## Shopping & Essentials

Reputable schools within close proximity.

One of the many playgrounds and recreational amenities for residents.

Your comfort zone?  
**Stretch it to 90 km.**

#embrace<sup>the</sup>elminaway  
to healthier living

“IT IS HEALTH THAT  
IS REAL WEALTH AND  
NOT PIECES OF GOLD  
AND SILVER.”

— Mahatma Mohandas Karamchand Gandhi

90 km of running and cycling tracks  
and 4.8 km of idyllic walking footpath.

90 km jogging and cycling track within the City of Elmina.

# Another chance to live in this award-winning township.

FERREA is one of the final phases of linked homes to be developed in the coveted township of Denai Alam. Strategically located at the heart of City of Elmina and surrounded by matured neighbourhoods, FERREA is within walking distance to commercial amenities and a short drive to the future Elmina City Centre. Spend your evenings by the serene lake and picnic on the wide open lawns. Let your kids explore the interactive parks as you train on the 1.5 km dedicated in-phase running and cycling track. FERREA is the perfect start to family well-being and a freehold investment not to be missed.

This well-planned township has been recognized with numerous accolades including:

- Winner of the 2003 Planning Innovation Award by the Malaysian Institute of Planners
- The Star Property Awards 2017 – Excellence in the 5 Elements Award for Most Comprehensive Township

# Inspired by tradition.

Designed with innovation  
for modern comforts.

Ferrea takes the best architectural cues from plantation homes and enhances them through modern materials and techniques. This results in contemporary homes with highlights from our rich architectural history. Yet, there is no compromise in terms of modern functionality.

While large windows bathe the home in the warmth of natural light, thermal insulation inside the roof keeps the home cool and stacked vent blocks add an aesthetic twist to the facade.

Another welcome addition is the unobstructed car porch that comfortably fits two cars. If that wasn't enough, all roads are extra-wide and streets are designed with cul-de-sacs for exclusivity and security.

What exactly is an open plan home? At Ferrea, it means that all the family can have a view of each other no matter if reading in the living room or cooking in the kitchen. It's striking the fine balance of having enough room for privacy and yet be close together.

Furthermore, a spacious ground floor granny suite with attached bathroom (wheelchair-friendly & has pocket doors) makes it a truly multigenerational space.

The large master bedroom comes with a wonderful ensuite bathroom. The ergonomic design provides for an unobstructed bedroom that gives flexibility to plan spaces. Large windows bathe the room in soft natural light and provide ample circulation of fresh air. To top that, every unit comes with your very own private balcony – a place to enjoy and appreciate living well.

# Love fresh air?

Natural air purifiers in the form of pocket gardens, lawns and picnic areas.

A row of trees don't make a garden, and a table and two benches don't make a park. Within walking distance of every Ferrea home is a proper green space for spending time with family, loved ones and friends. And while you relax and entertain - the many trees and selection of flowering plants provide constant, cool fresh air.

### Active Park

- Interactive Playground
- Fitness Station
- Reflexology Path
- Multipurpose Area
- Seating Picnic Table

### Passive Park

- Open Lawn
- Gazebo
- Multipurpose Area
- Family Square
- Children Area

“ IF WE ARE CREATING OURSELVES ALL THE TIME, THEN IT IS NEVER TOO LATE TO BEGIN CREATING THE BODIES WE WANT, INSTEAD OF THE ONES WE MISTAKENLY ASSUME WE ARE STUCK WITH. ”

- Deepak Chopra

Open lawns, multipurpose areas and family areas are available to spend time with family in an active and healthy manner.

# Ferrea's 5 Features of Wellness.

Homes at Denai Alam are not just beautiful but thoughtfully designed with wellness in mind.

## DESIGN

- North-south orientation and vent block design on the façade reduces exposure to direct sunlight.
- Granny Suite with attached terrace allows the elderly and guests to relax in comfort and privacy.
- Disabled friendly design that ensures ease of access for wheel-chair users.
- All bedrooms come with en-suite bathrooms for added privacy.

## WELLNESS AND HEALTH

- Application of environmental friendly, low VOC paint to help reduce health risks.
- Linked by a centralized park which opens out to strategic location via pedestrian friendly links.
- Well equipped with recreational amenities that promotes a healthy lifestyle.
- Stone wool insulation regulates indoor temperature for better thermal comfort.

## GREEN LABEL CERTIFICATION

- Ferrea is constructed using certified green label products that contribute in reducing environmental impact such as paints, timber flooring, and roofing material.

## COMFORT AND SPACE

- Open plan arrangement with integrated living, dining and kitchen elevates the concept of modern living.
- Generous openings create a healthier internal environment and seamless connection between indoors and outdoors.
- Columnless car porch enhances flexibility and sense of space.

## QUALITY PRODUCT

- Finished with quality laminated timber flooring which is scratch resistant, hygienic and easy for maintenance.
- Enhanced security with the provision of special keyway and certified locksets.
- Aluminium product such as sliding doors, windows and louvres are of high quality and powder coat finished.
