Embrace peace of mind in
a new precinct

Welcome to
Elmina Green

21-acre lake park
21 million ways to serenity

A township dedicated to **wellness**

Stroll through the 300-acre Elmina Central park, where you can breathe in the fresh air, feel the soil under your feet, and listen to the birds sing.

Stay fit or train for a marathon on the 90-km cycling and jogging track that takes you through lush greenery and safe neighbourhoods.

Grow your own organic vegetables at the community garden, while you build lifelong relationships with your neighbours.

Here in the City of Elmina, you'll find everything you need to lead a balanced lifestyle, away from the hustle and bustle of the city centre.

This is how life should be.

 Amy Tan, our Community Architect, believes cultivating vegetable gardens is a great way for a community to bond and stay healthy together.

This is a home built on the City of Elmina's 8 pillars of wellness

- 1. Family Wellness
To plan spaces that foster mutual respect and strengthen family values.
- 2. Occupational Wellness
To define work spaces that are conducive for a life of work-play balance.

3. Community Wellness
To design spaces that encourage harmonious interaction among the people.

4. Intellectual Wellness
To provide spaces for people to be stimulated intellectually, learn and grow.

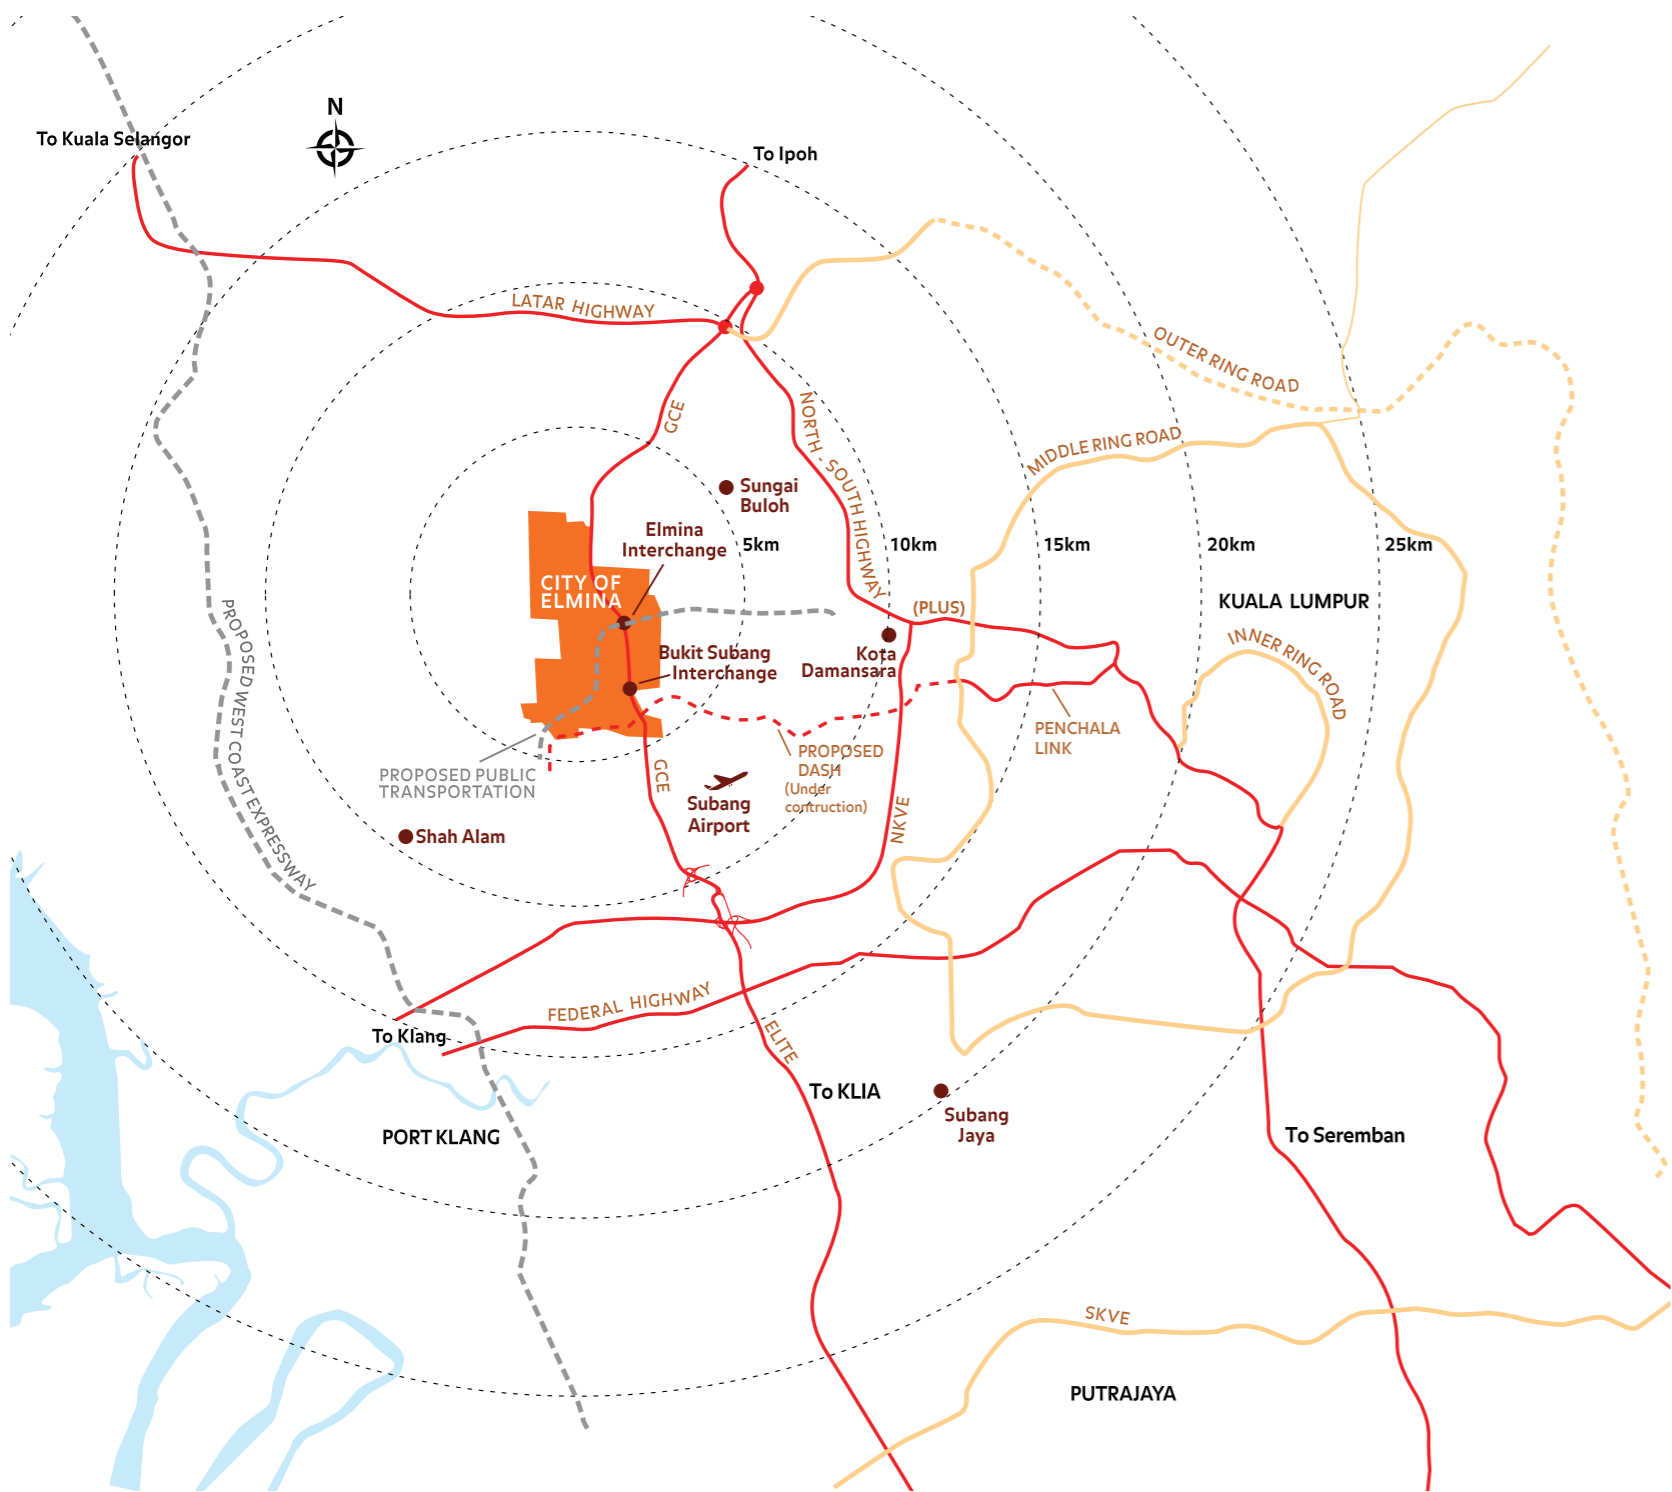

A balanced life?
It will be yours

- 5. Environmental Wellness
To create inspirational spaces that are filled with the beauty of nature.
- 6. Physical Wellness
To design spaces that are meant to drive active living and healthy eating for a wellness lifestyle.

- 7. Emotional Wellness
To define spaces that inspire positive attitudes and an optimistic outlook on life.
- 8. Mental Wellness
To provide spaces that enable people to achieve balance and harmony with people and themselves.

Everything within reach

The City of Elmina enjoys an extensive network, conveniently connected to the Guthrie Corridor Expressway (GCE), Federal Highway, LATAR and NKVE, enabling a shorter drive to Kota Damansara, Shah Alam and Subang Airport.

The DASH highway, which is currently under construction, is also expected to significantly shorten commutes to Petaling Jaya and Kuala Lumpur.

Peace of mind in an award-winning township

The first phase to be launched in a new precinct, Elmina Green is a worry-free investment from a leading property developer.

After all, the awards for the City of Elmina can speak for themselves:

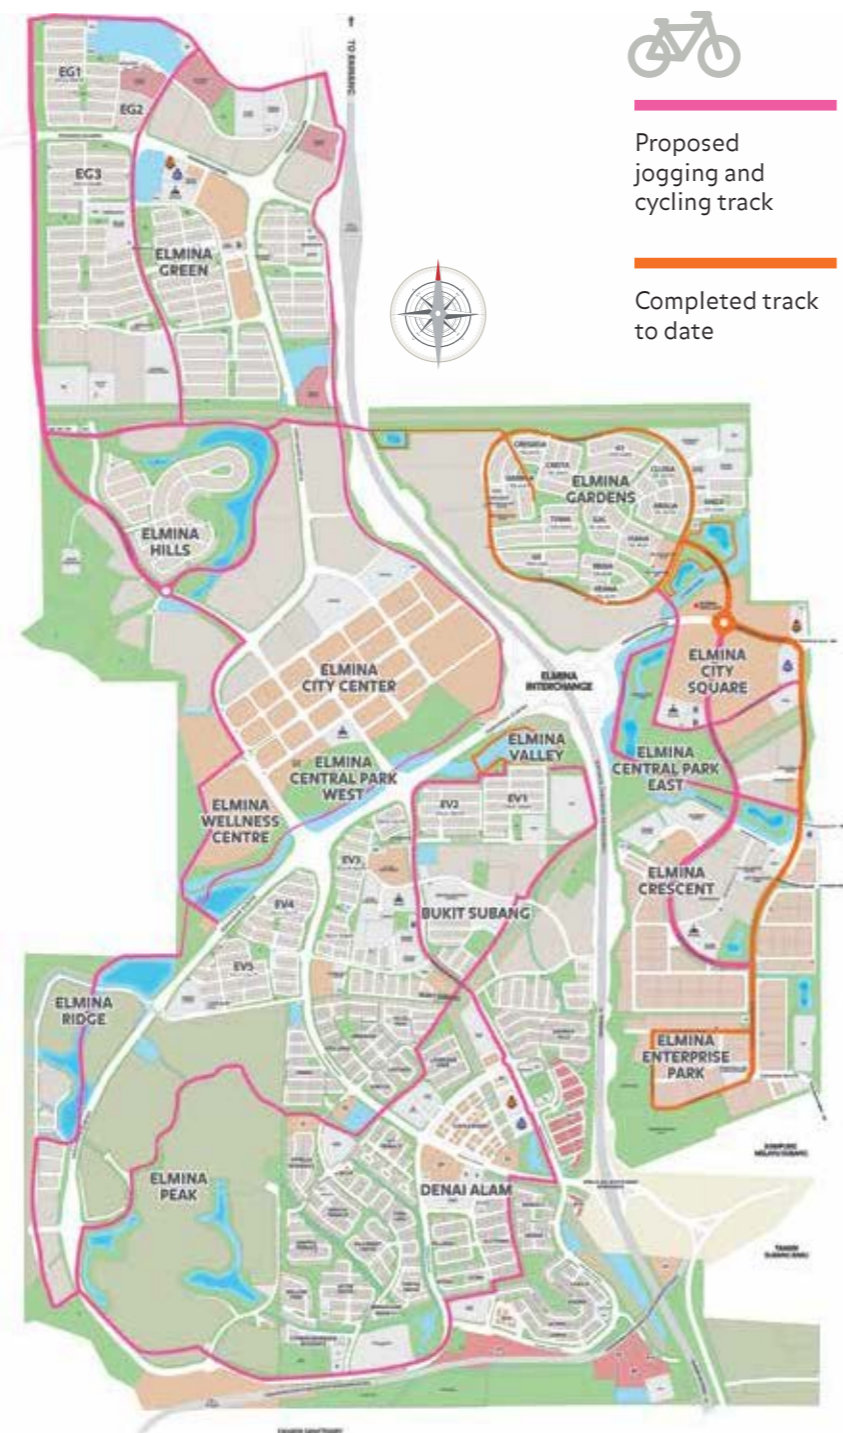

- StarProperty.my Awards 2017 All-Star Award
- StarProperty.my Awards 2017 Five Elements Excellence Award
- StarProperty.my Awards 2017 WOW Award
- PAM Award Silver for Phase J15 2017
- Landscape Analysis & Study Awards for Elmina East Landscape Masterplan at the ILAM MLAA 2017
- The Best Housing Development (Central Malaysia) SEAPA for Clusia 2016

Fit for your active lifestyle

With 300 acres of landscaped parks, you're bound to discover something new every day, whether it's a new spot for a picnic or an outdoor gym circuit. The 2,700-acre forest reserve keeps the air fresh and clean, and the 90-km jogging and cycling track makes it a breeze to get some exercise. Now that's a great way to stay healthy!

MASTER LAYOUT MAP
CITY OF ELMINA

Jessen Lee and Sue Teoh, our Physical Architects, are triathlon athletes. The 90-km jogging and cycling track lets them push their limits during their workout, so they can perform even better.

Invest where your future is brightest

The City of Elmina is also equipped to give your child a great education. Reputable schools like the HELP International School are located just a short drive away, along with a host of amenities and facilities built to support your child's education and well-being.

A vision

brought to life

Our architects shared our vision to build houses that feel more like home. From communal green spaces to energy-efficient designs, we believe in going the extra mile to craft homes with family and environmental wellness in mind.

WDA
DESIGN + ARCHITECTURE
&
WangHC Architect

ARCHITECT – WDA Design + Architecture & WangHC Architect

Our home architect adopted the facade layering technique, which functions as both a sunshade and a distinctive decorative accent. Inspired by the vent blocks used in plantation houses, the facade creates patterned shadows under the light – a fine interpretation of old materials expressed through clean lines and a modern form.

urbanscape
Landscape Planning & Development Consultant

LANDSCAPE ARCHITECT – Urbanscape Consultants

Our landscape architects draw inspiration from sculptures and fine art to shape our 21-acre lake park and communal green spaces. By incorporating moulded landforms and flowing movement into the landscape, we aim to create an environment that nurtures both the imagination and an active lifestyle.

Fun-filled evenings right outside your home

There is so much to look forward to when you live in Elmina Green. Our 21-acre lake park is equipped to support healthy lifestyles, with dedicated tai chi courts and state-of-the-art outdoor gym systems.

Take your exercise routine to the next level at the outdoor Cross System Gym.

Let the kids run free, both on the field and at the playground.

Stroll along the stepped terraces and rest your eyes on lush green surroundings.

Elmina Green's 5 features of wellness

Homes at Elmina Green are not just beautiful but thoughtfully designed with wellness in mind.

Comfort

The insulated roof helps to reduce the indoor temperature and enhance cooling effect.

Sustainability

In a bid to save the environment, where possible, the home uses green products.

Security

For that added peace of mind, homes are equipped with basic home alarm systems.

Lifetime homes

Ergonomically designed rooms and spaces that provide a multigenerational and comfortable living to satisfy the needs of modern living.

Health

Kind to your health, the homes only use low-VOC paint.

Lifetime Homes Concept

Our Lifetime Homes Concept helps us design houses that take into account the wants and needs of different generations. The Golden Suite on the ground floor saves grandpa and grandma the trouble of going up and down the stairs. The ground floor bathroom is also fitted with pocket sliding doors to accommodate the elderly.

Truly, a home for generations.

Marissa Parry, our Family Architect, understands that staying healthy can be a struggle while juggling work and family. Elmina Green's Lifetime Homes Concept makes living at home so much easier, so that you can spend quality time with family

Flexibility

to plan your space

The open plan layout creates versatile spaces that allows you to design your home to suit your needs. Whether you need more space for your kids or your parents, our multi-generational home concept lets you welcome your family with open arms.

Natural light

for your loved ones

Large windows let plenty of natural light and fresh air into your home. But don't worry, our windows come with grilles for your security and convenience. It's the perfect setting for creating beautiful family memories.

Built with a conscience

We built our homes for energy efficiency, with the environment in mind. Our designs incorporate thermal insulation and natural light to save on artificial cooling and lighting, so you can stay cosy, naturally.

Developing homes, building lifestyles.

Sime Darby Property is the property arm of Bursa Malaysia-listed Sime Darby Berhad, a Malaysia-based diversified multinational with a history that spans over a century. As a leading integrated property group, its core businesses are Property Development, Property Investment, and Asset Management. It is currently Malaysia's largest property developer in terms of property landbank and active developments.

On the back of a successful 40-year track record of developing sustainable communities, Sime Darby Property has to date 23 active developments. From an illustrious tradition of developing themed townships and commercial centres, the company is on a journey of innovation and creativity to spearhead various initiatives including integrated and niche developments, regeneration of transit-oriented developments, business centres, and retail malls.

Sime Darby Property is a multiple award-winning property developer with numerous local and international accolades, with a global reach that encompasses assets and operations across the Asia Pacific region and the United Kingdom.

ELMINA GREEN PHASE 1

2-Storey Link Homes | 20' x 70'

TYPE 1

03 7831 2253

www.simedarbyproperty.com

Property

Come home

to a space to call
your own

Elmina Green Phase 1 consists of multi-generational link homes next to a 21-acre lake park, designed with your family and environmental sustainability in mind.

Uniquely designed to be distinct

The vent block facade gives your home a touch of nostalgia, especially when it forms patterned shadows as it shades you from the sun.

The column-free car porch gives you more space to park and your kids more space to play.

Intermediate lots feature a semi-outdoor lanai space where you can get some fresh air while lounging with your family.

Corner and end lots enjoy a breakfast deck that extends out from the living area that gives you a flexible outdoor space for parties and barbecues.

TYPE 1

Intermediate Lot

20' x 70'
Built-up: 2,016 sq ft

End Lot

20' x 70'
Built-up: 2,219 sq ft

Corner Lot

22' x 70'
Built-up: 2,425 sq ft

Comfortable living for the whole family

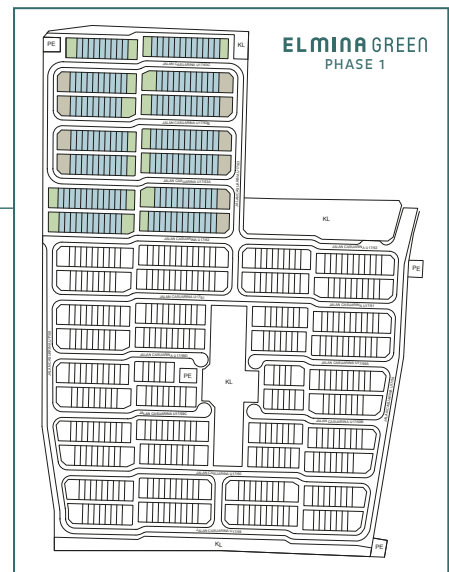

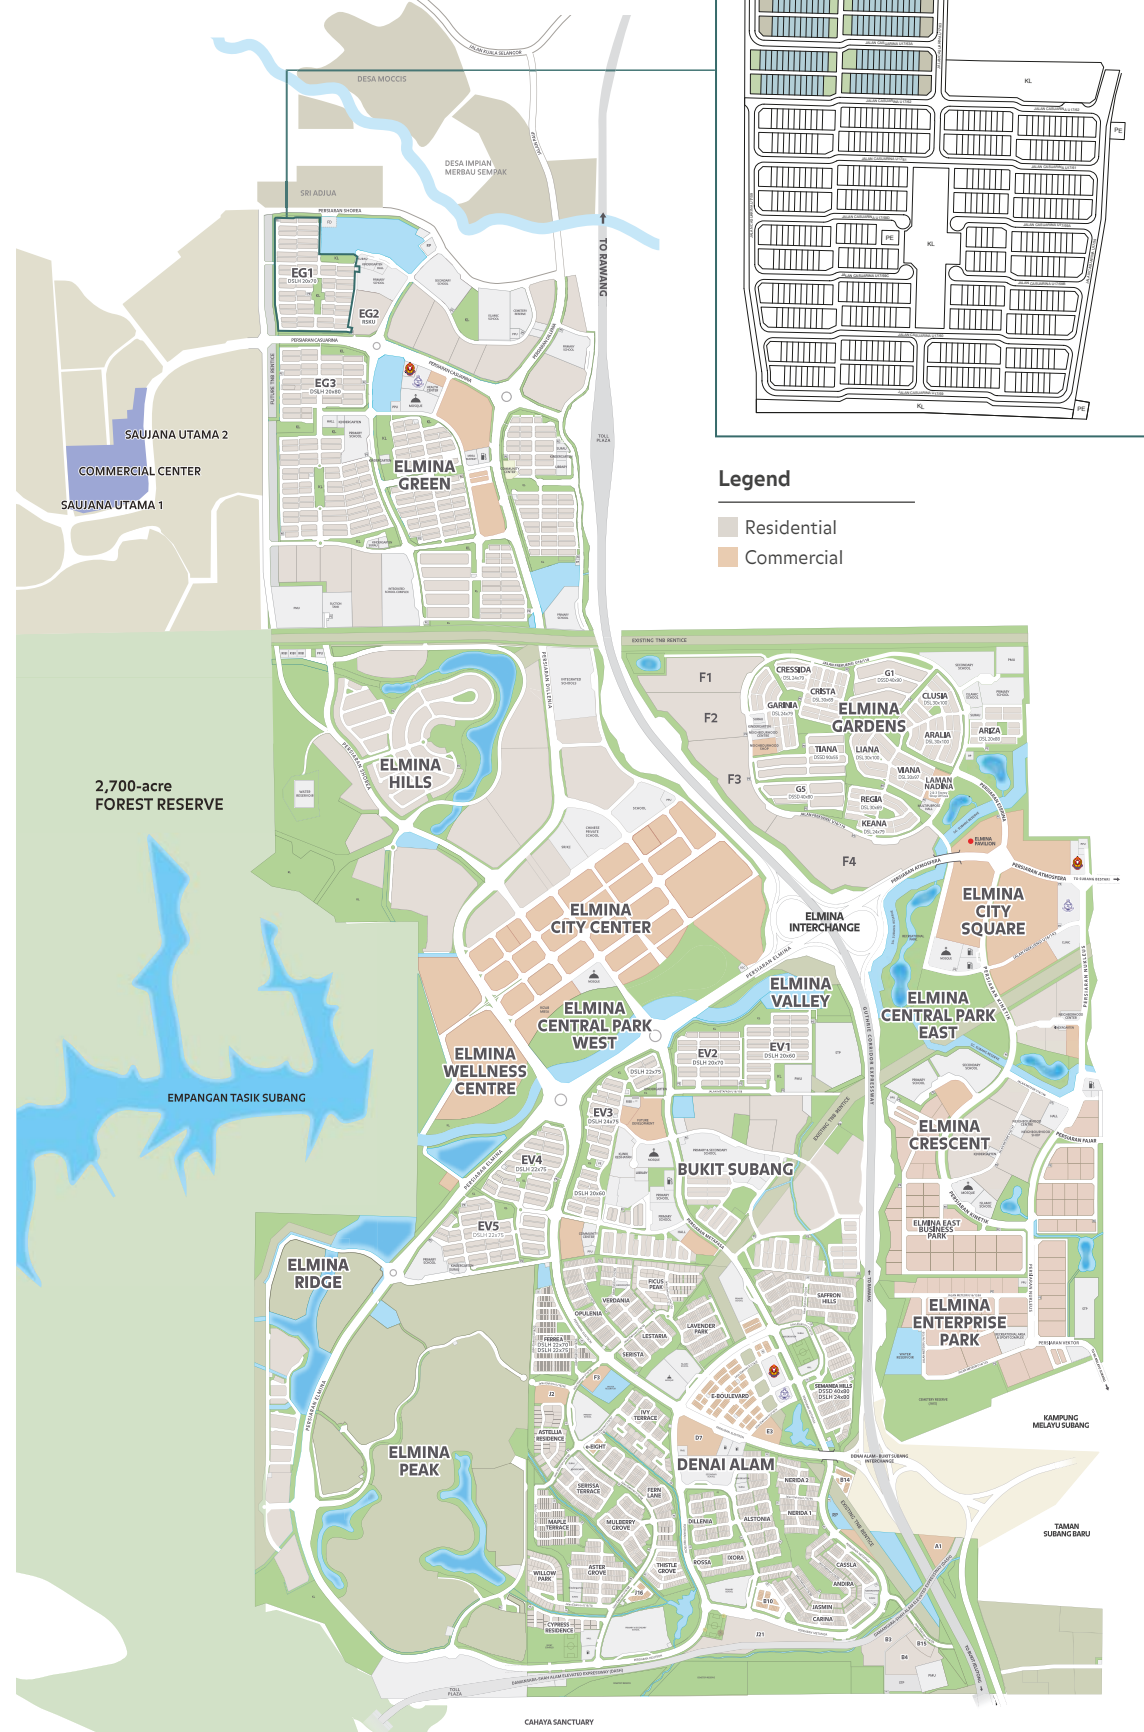

The ground floor room can be used as an AV room, or a bedroom for grandpa and grandma to save them the trip upstairs.

The ground floor bathroom has built-in pocket sliding doors that save space and make it easy to use for the elderly.

The dual-key concept gives you two-tiered access to both floors, so you get double security and more ways to adjust your living arrangement.

Property

Come home

to where
your heart is

Elmina Green Phase 1 consists of multi-generational link homes next to a 21-acre lake park, designed with your family and environmental sustainability in mind.

Open plan layout that maximises space

Drawing inspiration from plantation-style architecture, the unique vent block facade doubles as a patterned sun shade to keep your home cool.

The column-free car porch makes parking a breeze, and gives your kids more room to play.

Large windows let lots of natural light in, helping you keep your home well-lit and well-ventilated, naturally.

TYPE 4

Intermediate Lot

20' x 70'
Built-up: 2,001 sq ft

End Lot

20' x 70'
Built-up: 2,203 sq ft

Corner Lot

22' x 70'
Built-up: 2,408 sq ft

Multi-generation design for your family

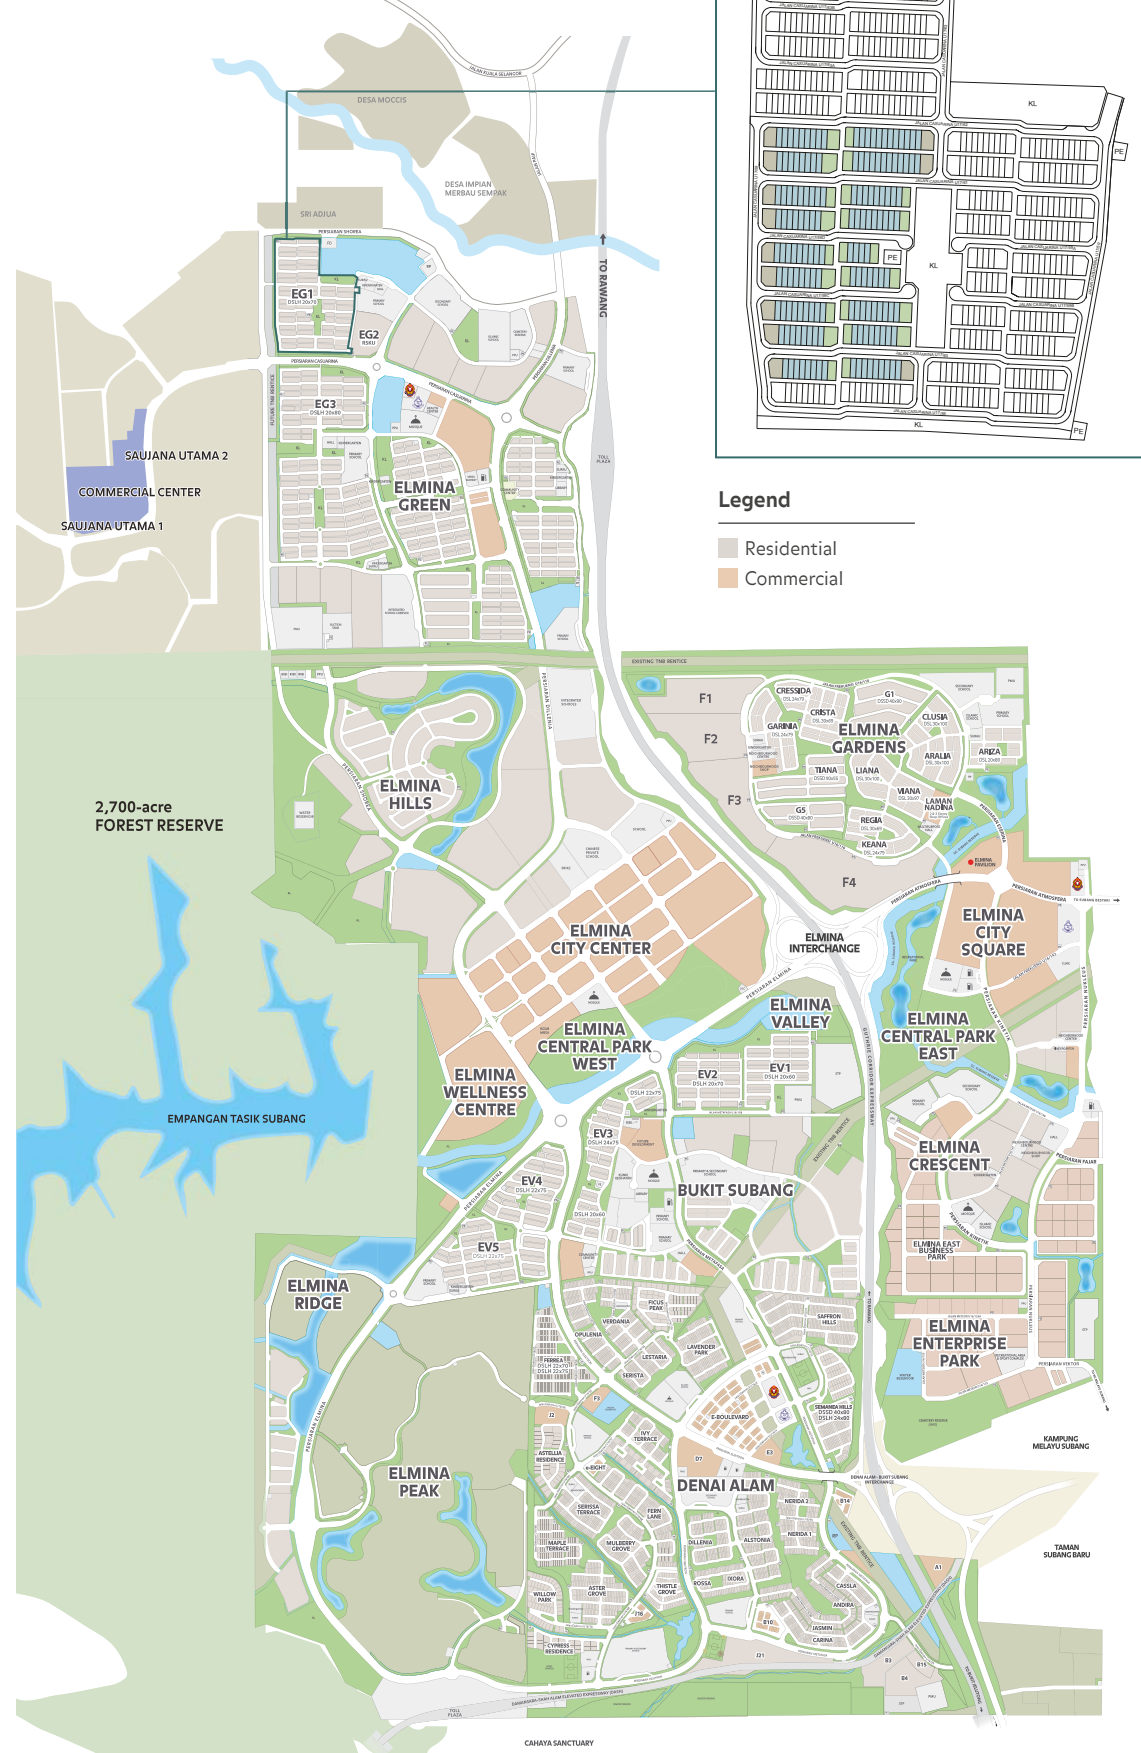

The open plan layout lets natural light, fresh air, and good vibes flow unhindered through your home.

A spacious room on the ground floor can be used as an AV room, or a bedroom for grandpa and grandma to save them the trip upstairs.

The ground floor bathroom is also designed for the elderly, with built-in pocket sliding doors that save space and stay out of the way.
